

LIFEPLUS® XTREME BATTERY CHARGER

The HAWKER LIFEPLUS® Xtreme is a fully IP54 rated battery charger designed to take on the toughest outdoor power challenges your operations face. In fact, it's the ultimate solution for demanding Ground Support Equipment (GSE) applications, produce harvesting applications and even outdoor warehousing. An array of advanced features provide unbeatable benefits for keeping your critical equipment powered and operational in even the harshest environments, around the clock.

Features:

- Full Communication with batteries via Battery Boss™ WC 4 (BBWC4) and CAN Fast charge and lithium
- Recharges all battery types
- Modularity allows for flexible capacity
- Easy setup and data download using free mobile app (Bluetooth enabled)
- Variable AC and DC cable length
- External IP54 cabinet pushbuttons for start/stop/equalize
- External IP54 cabinet main switch
- Onboard ethernet (internal connection)
- CE/UKCA/UL certification
- Fully programmable to your needs

What is IP54? – This rating indicates electrical enclosure is protected from limited dust ingress and water spray from any direction.

The HAWKER LIFEPLUS® Xtreme IP54 rated charger is a cost-effective and rugged power solution that offers superior protection, fast charging, and efficient energy usage. The HAWKER LIFEPLUS® Xtreme will not only keep your equipment running smoothly but also help reduce operational downtime and costs.

Applications:

- Cargo Loaders • Pushback Tractors • Baggage Tugs • Belt Loaders
- Service Trucks • Aircraft Movers • Air Stair Units • Outdoor warehousing
- Produce harvesting equipment • Other outdoor operations

Full Tech Specs:

- 6-bay rugged IP54 enclosure (outdoor cabinet)
- 3ph 480Vac 50/60Hz
- 3.5kW modules (from 1 to 6)
- 7kW and 14kW (Up to 21kW)
- Multivoltage 24/48 72/80, 96 and 120V
- Easy filter change
- Internal heater / fans / filter
- Wider temperature range
- LMEB option
- Automatic and manual start/stop
- Easy to install and use
- 4.3" color display
- HF Modular technology efficiency up to 94%

Compatible Battery Technologies:

- Traditional flooded lead acid batteries: HAWKER POWERLINE™ LM, HAWKER Energy-Plus™, and HAWKER FAST TRAK™ batteries
- HAWKER FLEX® TPPL batteries (Thin Plate Pure Lead) technology
- HAWKER FLEX® Li³ lithium battery technology
