

FLEX[®] Li³

MODULAR LITHIUM POWER

HAWKER FLEX[®] Li³

THE POWER OF LITHIUM

Introducing HAWKER FLEX[®] Li³ lithium batteries!
The newest product in the HAWKER[®] solutions portfolio.

HAWKER FLEX[®] Li³ Lithium Batteries:

- Highest quality lithium technology and support from the world's largest industrial battery manufacturer.
- Designed using Automotive Functional Safety Standard ISO 26262 ASIL C to meet CE and UL standards (UL 2580 & EN1175).
- Battery Management System (BMS) designed using stringent Automotive Functional Safety Standard ISO 26262:2011 meeting Automotive Safety Integrity Level C (ASIL C).
- Highest quality cells negating the need for active balancing.
- Modular design, enabling scalability for additional capacity to meet future power demands.
- Outstanding cycle life.
- Virtually maintenance free.
- Ideal for all opportunity and fast charging applications.
- CAN bus communication.
- App and cloud-based reporting.
- Comprehensive BMS to protect your asset.
- Audible and visible state of charge (SoC) status.
- Laser welded cells and rugged construction.
- Minimal downtime with optimized plug-and-play charging.
